- Earn R200 Per Referral
- Receive R200 instantly for every new paid member you personally introduce — paid directly and with no restrictions.

- No Limit on Referrals
- Refer as many members as you choose. Your earning potential is completely unlimited — the more you share, the more you earn.

- Accelerate Matrix Growth
- Every referral creates spill-over opportunities that accelerate your monthly matrix income, multiplying your passive earning potential.

Monthly Matrix Income

Our 15-Level Forced 2×2 Matrix is designed to reward teamwork, consistency, and community growth. Every qualifying active paid member in your matrix earns you R15 per month — creating a powerful stream of recurring passive income.

The matrix structure ensures that as your network grows, so does your income. With spill-over support from your upline and team, your matrix fills faster — accelerating your path to financial freedom.

This is not just a referral programme. It is a structured, sustainable income ecosystem built on the foundation of a genuine luxury transportation service that people use every day.

Every active member in your 15-level matrix contributes to your monthly earnings. The deeper your matrix grows, the greater your passive income potential — with a fully populated matrix representing a monthly matrix income potential of R983,010.
